Public Records Officer:

I am writing to request the opportunity to inspect the following public records, and perhaps order copies of some or all of them.

I have reviewed the EvergreenHealth Public Records Act Policy of 12/18/2019, as published on the public website of EvergreenHealth.

The records I would like to inspect are:

1. All public records related to the definition of informed consent used by EvergreenHealth in the context of non-therapeutic infant circumcision.
2. All public records related to the process to be followed in obtaining informed consent from parents prior to performing a non-therapeutic infant circumcision.
3. The current EvergreenHealth non-therapeutic infant circumcision consent form.
Please limit the search for all records to the calendar years 2009 - 2019.
The date and time of this request is Monday, June 3, 2019, at 8:00AM.

Sincerely,

John E. Sambrook
